

**NOTICE****RECORDS AND PERSONAL INFORMATION**

For the purpose of administering your group insurance plan, Assumption Life collects personal information about you and any other proposed insured. Assumption Life may retain the services of a specialized administrator to manage your insurance file as well as your claims.

In order to protect the confidentiality of your personal information, Assumption Life is responsible for ensuring that a file is established and retained according to the applicable rules, in the offices of Assumption Life or third parties acting on our behalf, in Canada or elsewhere, in which the information pertaining to your application for insurance, as well as the information pertaining to any insurance claim, will be placed. This personal information may be medical in nature or related to your lifestyle (driving record, pursuit of a hazardous sport, criminal record, etc.). When reviewing your insurance application or assessing a claim, we, our service providers or our reinsurers may consult any insurance file that we hold or that is held by other insurers or reinsurers with respect to any other insurance application or statement you may have made in the past.

For underwriting purposes or in the event of a claim, we could retain the services of an investigator in order to conduct an investigation in regard to you. This investigation may bear on your reputation, health, finances and lifestyle. In the course of this investigation, family members, friends and neighbors may be questioned about you.

We may also, for medical underwriting purposes, seek the assistance of a physician or a paramedical organization or a clinic in order to have you undergo a medical examination, X-rays, an electrocardiogram, or to collect a blood, urine or saliva sample. The analyses will be used to determine the existence of various abnormalities such as diabetes, hepatic, kidney or liver disorders, bone disease, immune disorder, infections caused by the AIDS virus, and the presence of medication, drugs, nicotine or their metabolites, and to determine cholesterol and any related blood lipid levels.

In the event of a claim, we may require a copy of your medical records. We may also require, in the event of a death claim, a copy of the police investigation report, coroner's report, or any other report that provides relevant information explaining the circumstances of your death.

When reviewing your insurance application or for underwriting purposes, your personal and medical information may be disclosed to your insurance agent if this information is necessary for the performance of the agent's duties. Only those employees or agents (including any reinsurer, health care professional or service provider) who need the personal information for the performance of their duties will have access to your file. If necessary, your personal information may also be shared with your beneficiaries or personal representative in relation to a claim for a death benefit.

Your personal information may be securely used, stored or accessed in other countries and may be subject to the laws of those countries. We may have to disclose your personal information in response to a request from government authorities or a court order in these countries.

Assumption Life shall not communicate your personal information to a third party without your consent unless required to do so by law or ordered to do so by a court.

You are entitled to consult any personal information held in your file and, if applicable, to have it corrected by submitting a written request to the following address:

ASSUMPTION LIFE, c/o Underwriting Department

**NOTICE FROM MIB, Inc. (MIB)**

Information regarding your insurability will be treated as confidential. Assumption Life or its reinsurers may, however, make a brief report thereon to MIB, a not-for-profit membership organization of insurance companies, which operates an information exchange on behalf of its members. If you apply to another MIB member company for life or accident and sickness insurance coverage, or a claim for benefits is submitted to such company, MIB, upon request, will supply such company with the information in its files. As a U.S.-based company, MIB is bound by, and such personal information may be disclosed in accordance with, applicable U.S. laws.

Upon receipt of a request from you, MIB will arrange disclosure to you of any information it may have in your file. Please contact MIB at 416-597-0590. If you question the accuracy of the information in MIB's file, you may contact MIB and seek a correction in accordance with the procedure set forth in the U.S. Federal Fair Credit Reporting Act. The address of MIB's information office is 330 University Avenue, Suite 501, Toronto, Ontario M5G 1R7. To learn more about MIB, visit [www.mib.com](http://www.mib.com).

Assumption Life, or its reinsurer(s), may also release any information in its file to other insurance companies to whom you may apply for life or accident and sickness insurance, or to whom a claim for benefits may have been submitted.

Any reference to test results excludes genetic tests.

Genetic test means a test that analyses DNA, RNA, or chromosomes for purposes such as prediction of disease or vertical transmission risks. Do not provide any information about genetic tests in this application, other questionnaires or forms. However, you must answer all other questions truthfully, including information about all other types of medical tests.
