This document is a summary of the various features of Assumption Life's products. It is neither a contract nor an insurance offer and does not confer any rights. In the event of conflict or ambiguity, the contract will prevail.

For more information regarding the product and its limitations and exclusions, please consult the contract by going to [www.assumption.ca/advisor-corner](http://www.assumption.ca/advisor-corner) and hovering over the "Individual Insurance" tab. In the drop-down menu, you will find the sample contracts in the "Documents and forms" section.

# PLATINUM PROTECTION

Platinum Protection provides straightforward life insurance protection with no medical exam or blood tests. Our products are designed to accommodate common health issues such as (but not limited to) diabetes, cancer, and heart disease, which typically prevent many Canadians from qualifying for life insurance at standard rates.

Our worry-free application process takes all the guesswork out of the equation. As long as your client answers “no” to all the medical questions and the application information is verified by MIB, Inc. (MIB), he or she is covered! In most cases, the insurance policy is issued in as little as 24 hours. No post-claim underwriting beyond the incontestability provision.

Platinum Protection will meet your clients' needs by offering a whole life or term option. The following guide will give you all the information necessary to provide the best solution for your clients.
