NO MEDICAL INSURANCE

No Medical Insurance provides straightforward life insurance protection with no medical exam or blood tests. Our No Medical Insurance products are designed to accommodate common health issues such as (but not limited to) diabetes, cancer, and heart disease, which typically prevent many Canadians from qualifying for life insurance at standard rates.

Our worry-free application process takes all the guesswork out of the equation. As long as your client answers “no” to all the medical questions and the application information is verified by MIB, Inc. (MIB), he or she is covered! In most cases, the insurance policy is issued within 48 hours. No post-claim underwriting beyond the incontestability provision.

No Medical Insurance will meet your clients' needs by offering a whole life or term option. The following guide will give you all the information necessary to provide the best solution for your clients.
