¹As of December 2024.

²Registered Investment Accounts offer returns tied to the reference fund performance, however, it is not the same as purchasing units of the fund.

³Performance information is based on Series D as of December 31, 2024, and represents the actual performance of the underlying reference fund net of fees.

⁴Backdated return estimates were calculated by applying our current asset allocation model to previous periods while using actual returns for the underlying individual funds. The performance numbers vary due to the differences in the underlying fees of each series. Performance data shown is using the 75/75 guarantee product. This information should only be used as an estimate of what these funds would have provided for returns over the periods shown.

Summary of the Investment Account
